PROGRAM INTRODUCTION

Our one-year UK MBA program is typically divided into the Level 7 Diploma program and the MBA Top-up thesis stage. This model is suitable for working people who want to quickly earn an internationally recognised master's degree or for professionals who want to upgrade their management skills.

Stage 1: Level 7 Postgraduate Diploma

- A total of 120 credits, including 6 courses, each 20 credits;
- Complete one course every 5 weeks for a total duration of approximately 6 months;
- The course covers the core areas of business management and develops advanced management skills.

Stage 2: MBA Top-up Dissertation

- A dissertation or business research project of 60 credits is required;
- The research direction is usually chosen by the student and supervised by the supervisor;
- Upon completion, an MBA degree is awarded by a public university in the UK.

02 PROGRAM HIGHLIGHTS

- **Flexible Learning:** Modular curriculum designed for working professionals and international students.
- **Short Duration:** The program can be completed within 12 months, with the option to earn your degree in 8-10 months by accelerating the dissertation process.
- **Global Recognition:** Graduates receive a formal master's degree from a UK university, recognized worldwide. The degree is eligible for WES accreditation, making it ideal for international career opportunities, further education and immigration purposes.
- **Cost-Effective:** With a total program cost of just \$15,000 USD, this program offers exceptional value compared to traditional MBA programs.
- **Formal Degree:** The degree certificate does not include terms like "top-up" or "online," ensuring it is indistinguishable from a full-time, on-campus MBA degree in the UK.
- **Assignments-Based Evaluation:** The program emphasizes practical learning with no exams required. Students earn credits and complete the course solely through assignments.

04 COURSE INTRODUCTION

The course stage of a master's program at a UK university (Level 7 Graduate Diploma) requires students to complete 120 credits of coursework.

Six subjects in total:

1. Entrepreneurship & Innovation

This course explores the fundamental principles of entrepreneurship and how to achieve business growth through innovation. It focuses on business model innovation, technological change, entrepreneurial strategy and identification of market opportunities.

2. Strategic Management

This course introduces the development and execution of business strategies, including industry analysis, competitive strategy, business development strategy and organizational change. Students will learn to make sustainable strategic decisions in a global business environment.

3. Strategic Human Resources Management

The course covers the important concepts of human resource management in business strategy and addresses key topics such as talent management, organizational behavior, performance evaluation and employee motivation to help students improve their management skills.

4. Advance Research Method

This course provides training in advanced research methods, including quantitative and qualitative research, data collection and analysis, research design, and academic thesis writing. It lays the foundation for the dissertation stage of the MBA.

5. Strategic Leadership

This course emphasizes developing leadership skills for senior managers, explores different leadership styles, organizational cultures, change management and corporate governance, and helps students improve their strategic thinking and decision-making skills.

6. Strategic Marketing

This course teaches core marketing strategies such as market analysis, brand management, consumer behavior and digital marketing to help students develop effective marketing programs in a highly competitive market environment.

05

ADMISSION REQUIREMENTS

Educational requirements:

- **Bachelor's Degree Holders:** Applicants must possess a bachelor's degree or an equivalent qualification. Preference will be given to candidates with relevant management experience.
- **Non-Degree Holders with High School Diploma:** Applicants without a bachelor's degree but with a high school diploma must provide evidence of at least five years of management experience. This experience should demonstrate their managerial capabilities and practical background.
- **Applicants Without Any Academic Background:** Candidates without formal academic qualifications must have a minimum of 10 years of management experience. They must also demonstrate proven leadership skills and competence in managerial roles.
- **Evidence of Practical Experience:** All applicants, particularly those without an academic background, are required to provide documented proof of their practical experience in business operations, team management, and leadership.

Language requirements:

- **Applicants from English-Speaking Countries:** If the applicant's highest academic qualification was completed in an English-speaking country, no additional English language test score is required.
- **Applicants from Non-English-Speaking Countries:** If the applicant's highest qualification was not completed in an English-speaking country, an IELTS (Academic) score of 6.5 is required, with a minimum of 6.0 in each component (listening, speaking, reading, and writing).
- **Internal Language Test:** Alternatively, applicants may take the internal English language test administered by the UK university. Specific requirements for this test will be determined by the university's regulations.
